How I Feel About You

Is Out Ov My Hands

OUT OV MY HANDS

It Just Comes

Naturally To Me

I See A Vision Of You

Catch Me If You Can

You Know Who I Am

And I Know Your Plan

And I Don't Give A Damn

I Don't Wanna
See The Sea

I Don't Wanna
See Forever

I Remember Everything
About You

I've Never Met Anyone
Quite Like You

There Never Was Going To Be
Another Way For Me To Be
No Other Life I Could Lead
This Is Who I'm Meant To Be

I'm Hiding Behind

A Veil Of Tears

You Don't Know Me

Don't Know My Fears

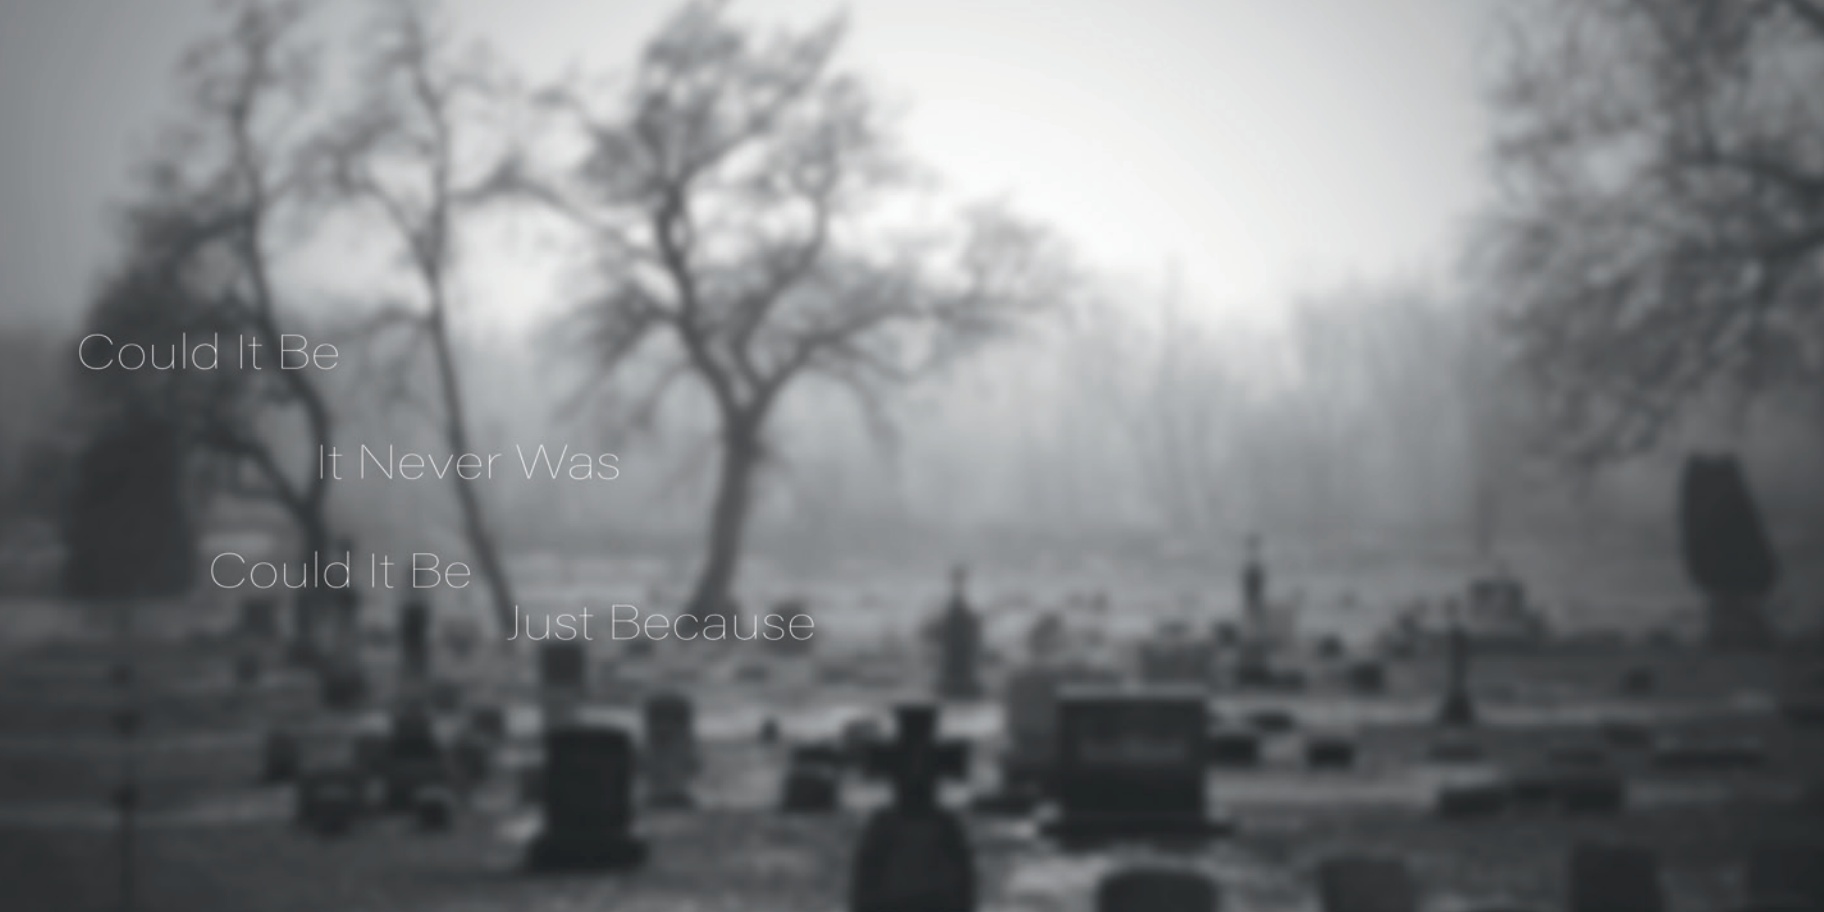

One More Breath

That's All I Need

One More Breath

There's No Guarantee

A black and white photograph of a cemetery. In the foreground, several tombstones of various shapes are visible, some with crosses. In the background, there are several bare trees with intricate branch structures. The sky is very bright and hazy, creating a soft, ethereal atmosphere. The overall tone is somber and reflective.

Could It Be

It Never Was

Could It Be

Just Because

Was That It

Was That All

Did He Stand At All

I wanted to record something a little different, but the music - as usual - had its own ideas, and this is where I ended up. I was really surprised at how some songs turned out.

I made good use of my new synth (but didn't use its sequencers) on this album, and alternated between my active and passive basses. This is my first album recorded with Logic Pro (previous albums were created using Garageband), so a few firsts are included here.
